

Commanders of the Sixth

COMMANDERS

Brief History of the 6th: The 6th Air Refueling Wing is the direct descendant of the 6th Bombardment Wing, which activated at [Walker Air Force Base, New Mexico](#) in 1951. There have been many changes to the wing's designation and location since then, which are reflected below.

A gap in the history of the 6th between 1951 and 1948 separates the current wing from its namesake predecessor, the 6th Bombardment Group, which served in the Pacific during World War II. The Air Force inactivated the old 6th during the mass demobilization following the war on Okinawa in October, 1948.

Prior to that, the 6th Bombardment Group traced its roots back to the 3rd Observation Group, which was part of the fledgling aviation section of the U.S. Army following the First World War. The 3rd Observation Group was established (at least on paper) on 30 September 1919 at [France Field, Panama Canal Zone](#).

Today, the 6th Air Refueling Wing is the host wing at MacDill Air Force Base, [Florida](#). It is part of Air Mobility Command's Eighteenth Air Force.

Colonel Benjamin Jonsson is the current commander of the 6th Air Refueling Wing
