

**DEPARTMENT OF THE AIR FORCE  
6TH AIR MOBILITY WING (AMC)  
MACDILL AIR FORCE BASE, FLORIDA**

JAN 18 2017

MEMORANDUM FOR DISTRIBUTION C

FROM: 6 AMW/CC

SUBJECT: MacDill Air Force Base Environmental Commitment Statement

1. Every member of the MacDill Air Force Base (AFB) community makes a commitment to the United States of America. This commitment includes a responsibility to be role models in all facets of life, both at home and in the places where we work. Our work space contains a tremendous diversity of wildlife amidst an amazing backdrop of land and water. The natural beauty of MacDill AFB and Tampa Bay is a reminder that we must also commit to conserve and protect the natural environment that surrounds us. To meet this environmental commitment and responsibility, all base personnel, including active duty, civilians, contractors, tenants, and visitors must follow our Environmental Commitment as described below.

2. MacDill's Environmental Commitment is to:

- a. Execute our mission.
- b. Prevent pollution.
- c. Improve continuously in mission and environment.
- d. Comply with all environmental regulations and Air Force requirements.

3. MacDill AFB is committed to the highest standards of environmental protection, and together we can achieve an environmental program of **EPIC** proportions - one that conserves and sustains our natural environment for future generations.

4. If you have any questions, please contact Mr. Chris Sutton, Environmental Management System Coordinator, at 828-0458.

A handwritten signature in black ink, appearing to read "AVogel", is positioned above the typed name.

APRIL D. VOGEL, Colonel, USAF  
Commander
